Objective

Aspiring software engineer. Passionate about coding, software development, and problem-solving. Eager to apply my programming skills and knowledge in a practical setting, and to collaborate with senior leaders on challenging projects.

Projects and Experience

Software Engineer at Mantra Labs (www.mantralabsglobal.com)   July 2022 to Dec 2023

- Spearheaded the development of the complete front-end interface for the official website (www.mantralabsglobal.com), employing modern web technologies including HTML5, CSS3, JavaScript, and React.js.

- Collaborated closely with design and backend teams to ensure seamless integration of user interface components and optimal user experience.

- Implemented responsive design principles to ensure cross-platform compatibility and accessibility across various devices and screen sizes.

- Utilized advanced CSS techniques and libraries to create visually appealing and user-friendly interfaces, enhancing brand identity and user engagement.

- Conducted rigorous testing and debugging to identify and resolve front-end issues, ensuring high performance, reliability, and security standards.

- Acted as a key contributor in the development life cycle, participating in design reviews, code reviews,and sprint planning sessions to drive project success and meet deadlines.

- Mentored junior developers, providing guidance on best practices, code quality, and software engineering principles to foster a culture of continuous learning and improvement.

Technical Skills

- **Programming Languages:** Proficient in ReactJS , JavaScript, Html, CSS, bootstrap, tailwind, chakraUI, materialUI, WordPress.

- **Software Development:** Experience in Developing and debugging applications, built scalabe applications.

- **Software Tools:** Familiar with software testing and debugging tools.

- **Analytical Skills:** Strong problem-solving abilities and logical thinking.

Education

A.P.J. Abdul Kalam Technical University Uttar Pradesh, Lucknow   *Aug 2016 - May 2020*
Bachelor of Technology in Mechanical Engineering, 60%

Soft Skills

- **Communication:** Strong written and verbal communication skills.

- **Teamwork:** Proven ability to work effectively in team environments.

- **Adaptability:** Flexible and quick to adapt to new technologies and environments.

Extra-curricular Activities

- Participated in Volleyball League at AKTU Zonal Sports Fest (Inter College Tech-Fest, Krishna Institute of Technology, Kanpur).

- Participated in Jhankar in Arunima'19 at Krishna Institute of Technology, Kanpur.

- Participated in Marathon Race JCI Kanpur Industrial 2017 at Green Park Stadium, Kanpur.
